Cincinnati Commercial of Monday: Judge A. A. Freeman, assistant attorney-general, stopping at the Gibson house, on his way to Washington, was interviewed by a Commercial reporter regarding Tennessee political affairs, with the following result.

Reporter—You were at Nashville, Tennessee, during the balloting for senator, I believe. To what do you attribute the defeat of the Republicans?

Mr. Freeman-There are forty-seven Republicans, two independents, elected principally by the Republican votes, and one Greenbacker with Republican antecedents. These three votes added to the forty-seven make a tie.
